FP™

Real. Simple. Mailing.

General Mailing Equipment

PostBase™ ONE

ONE
Flexible Design

The flexible design allows you to adapt the PostBase ONE to fit your ever changing mailing needs, welcoming a healthy dose of consistency and unwavering dependability. The PostBase ONE system is engineered to bring innovation from the inside out. It uses the very latest technology, ensuring your system is always up-to-date and utilizing the correct postal rates.

ONE
Efficient Machine

The high capacity automatic feeder coupled with the dynamic scale and vertical feed feature make pre-sorting mail a thing of the past. Simply load your mail and stand by as the PostBase ONE allocates the appropriate postage based on the size and weight of each mail piece. The intuitive color touch screen makes this mailing machine simple and easy-to-use.

ONE
Secure Meter

PostBase ONE is a USPS® IMI-Compliant postage meter, giving it the highest level of mailing security. A built-in sensor validates every envelope that passes through the machine, its pressure sealing feature ensures the envelopes are sealed tightly. The innovative design guarantees your important documents maintain their confidentiality from start to finish. With PostBase ONE, you can have the control you need without compromising your time or resources.

PostBase ONE

Meet the biggest member of the FP Enterprise Series, the PostBase ONE. This machine is large enough to handle any mail piece that comes your way. The PostBase ONE has an enhanced, modular design that plays a key role in its ability to adapt to your mailing requirements. Robust features and proficient work flow create the perfect combination for high-volume, complex mail runs. The experience upholds all of your security standards giving you peace of mind that your mail piece sustains its integrity.

Postal Vertical Feeding

Load it up. With its vertical design, you can load the PostBase ONE with a variety of envelope sizes.

Automatic Feeder

Once your mail is loaded, PostBase ONE will automatically start feeding envelopes for postage.

Sealer

Get the perfect seal on all your envelopes ensuring complete security and confidentiality.

Dynamic Scale

The dynamic scale can weigh up to 100 letters per minute while analyzing the weight and shape of the mail piece.

Full Color Touch Screen

The simple icon driven touch screen provides a seamless user experience.

Label Dispenser

The built-in label dispenser makes sending thicker mail and packages convenient. Weigh the package on the scale and press print label.

Power Presser

This feature ensures all of your envelopes are sealed and secure by pressing the envelope tightly closed.

External Scale

Accurate and durable scale allows you to weigh packages up to 15 pounds.

Full Mixed Mail Capability

It is the only mailing system that processes true mixed mail of intermixed sizes, thicknesses and weights.

.8” Thickness Capacity

The PostBase ONE can handle all your mailing needs. From the thinnest envelopes, to envelopes as thick as .8”.

150 Letters Per Minute

The super fast PostBase ONE can process up to 150 letters per minute with dynamic scale off and up to 100 letters per minute with the dynamic scale running.

Why FP?

Plugged into over 230,000 mailrooms worldwide, FP Mailing Solutions is the fastest growing mailing solutions company in the U.S.

Real people. – With over 1,100 employees, FP provides all of our customers with a dedicated customer service team located in the U.S.
